

A Week in Facts

English · 6th year · Document 01

Read the week, then repair

All people and records are fictional. Every sentence is about the five school days shown. Read the named row. Use the person, verb and adverb requested. Line 1: corrected sentence. Line 2: row code and number of YES days. Keep the neutral middle position taught here.

Separate example: Jae is early on Monday and Thursday, but not Tuesday, Wednesday or Friday. Use sometimes and is: Jae is sometimes early. Check: model row; 2 YES days. This example is not a row in your table.

Name and fact correct? Neutral position? Correct YES count? Unknown is not NO.

A Week in Facts

English · 6th year · Document 01

For these neutral statements: name + always/sometimes/never + action verb; name + is/are + adverb + description/place. One person: reads, takes, plays, buys, checks. Always: every day in this record; never: no day in this record; sometimes: some days, but not every day. Do not turn this week into a lifelong claim. Other adverb positions may be grammatical in other contexts.

Name and fact correct? Neutral position? Correct YES count? Unknown is not NO.
