Ficha 3 de 3 · Events suffered

LA REGLA

Para un trabajo que otra persona hace por ti, usa have + objeto + participio: I had my car repaired. Get sirve en conversación: I got my phone fixed. Conjugas have según el momento: have, had, am having, will have; el participio permanece. La misma estructura puede describir algo sufrido (She had her bag stolen), sin implicar que lo pidió. Con persona concreta, have somebody do usa verbo base: I had the mechanic check it.

¡Ojo! — el fallo típico. I had my hair cut implica peluquería; I cut my hair dice que usé yo las tijeras.

1 Une el momento con la forma de la causativa.

I am having it cleaned. · I had it cleaned. · I have it cleaned. · I will have it cleaned.
