

Práctica B2.1: pasiva y agente

Ficha 3 de 3 · Reports and register

LA REGLA

La pasiva pone delante lo que recibe la acción: be en el tiempo necesario + participio (is checked, was checked, has been checked, will be checked). Usa by solo si el autor añade información concreta. La pasiva sirve cuando el autor se desconoce o importa el proceso. Give permite I was given a copy. Los informes usan It is said that o She is said to live...; get fired es informal.

¡Ojo! — el fallo típico. No añadas by somebody cuando no sabes quién actuó: My bike was stolen basta.

1 Une el foco del mensaje con la redacción.

The bike was stolen. · The bridge was designed by Lina. · The editor corrected the title. · The samples were heated.

the known architect	
an unknown thief	
the laboratory process	
the editor as actor	

2
