

Práctica A1.1: am, is, are y a/an

Ficha 3 de 3 · Mix, not and questions

LA REGLA

I va con am; he, she e it con is; you, we y they con are. En la negativa, not va después: she is not. Para preguntar, el verbo va antes: Are you ready? Para nombrar una cosa, usa a antes de sonido consonántico (a bag) y an antes de sonido vocálico (an apple). El artículo precede al adjetivo: a green apple, an old book.

¡Ojo! — el fallo típico. No copies la forma del español: I is y a apple no son correctos.
