

Use of English B2.1: dedurre e ripensare il passato

Scheda 4 di 4 · Correct the claim

LA REGOLA

Modale + have + participio guarda al passato. Must have deduce da prove forti; might/may/could have lascia una possibilità; can't/couldn't have esclude. Should have critica un'azione omessa e shouldn't have una compiuta. Needn't have indica che si è fatto qualcosa di inutile; didn't need to di norma indica che non lo si è fatto. Controlla i dati prima di scegliere la certezza.

Attenzione! — l'errore tipico. Non scrivere should of e non usare mustn't have per escludere un fatto passato.
