

I verbi che non cambiano: cut, put, let, hit

Ficha 1 de 2 · los ocho invariables y el marcador de tiempo: cut · put · let · hit · cost · shut · set · hurt

LA REGLA

Questi verbi hanno le TRE forme uguali: infinito, passato e participio si scrivono allo stesso modo. Non prendono -ed e non cambiano nulla. A dire se è presente o passato è il resto della frase.

¡Ojo! — el fallo típico. Aggiungere lo stesso -ed: «cutted», «putted», «hitted». Non esistono. E il contrario: credere che se non cambia allora è presente.
