

As cores em inglês e o adjetivo que vem antes

Ficha 2 de 5 · Ficha 2 · p5-p11 · el color de seis animales y cinco frases de color suelto; cierra con los colores de dos palabras: light blue, dark green, bright yellow, pale pink, navy blue y el intruso silver

LA REGLA

Em inglês a cor vem ANTES do nome e nunca muda: a red car, two red cars. Aqui tens as onze cores verdadeiras, os modificadores light e dark e as palavras que quase toda a gente escreve mal.

¡Ojo! — el fallo típico. Pôr a cor depois, como em português: «a car red». É a red car, e no plural não muda: two red cars, nunca «two reds cars». E o falso amigo: red faz lembrar «rede», mas é a cor vermelha; a rede é the network.
